

Nightingale Highlights

APRIL 2022

CXO 6200D-CH

Nightingale is a Silver Winner in the 2021 Muse Design Awards

Nightingale's award-winning CXO wins Silver in the 2021 Muse Awards. The CXO series was successful in the Muse Awards' Seating and Comfort category.

The CXO is a sleek, high-performance, fully adjustable executive work chair. With innovative ergonomic technology, strong lumbar support, and our thickest Enersorb™ foam, the CXO is the most comfortable chair in the world.

With its striking, executive design and clean finish, it's a chair that looks as good as it feels. Available in five model options: Standard, Leather, Task Intensive, and Heavy Duty, there is a CXO for any user.

Nightingale is pleased to have the CXO be a Silver Winner in the new category of Seating and Comfort for the 2021 Muse Design Awards.

CXO 6200D

CXO L6200-CH

CXO 6200ti

CXO 6200Dhd-CH

Notable design features of the CXO include:

Its breathable ABLEX™ mesh back which provides generous lumbar support and dynamic movement.

Its energy absorbing Enersorb™ foam that can be found in the seat, lumbar and headrest to offer unsurpassed comfort.

Its innovative lumbar support pad that can be easily adjusted up/down and in/out for personalized support and comfort.

Optional headrest adjusts up/down, tilts backwards and has a built-in coat hook.

Its waterfall seat design alleviates pressure and promotes good posture.

The Task Intensive model can support users up to 350 pounds, the Heavy Duty model can support users up to 450 pounds.

The Leather model provides an elegant finish to an already distinguished high-quality chair.

MUSE
DESIGN
AWARDS

About the MUSE Design Awards:
The MUSE Design Awards honor professionals whose work is thoughtful, groundbreaking and innovative. The Muse Awards showcase products that have timeless and inspired designs. The Furniture Design Category highlights products that redefine the environments they are in as a result of their uniquely stylized aesthetics and overall product composition.

Celebrate National Decorating Month

April is National Decorating Month! This celebration lines up with spring cleaning, making it the perfect time to refresh your space and boost your mood in preparation for the warm summer months.

Decorating is not only limited to indoor spaces, update exterior set ups such as your porch or patio to match the change in season and reflect your personality.

Make the most of National Decorating Month with these quick and easy tips:

Start small

Reorganizing a tiny section of counter space or decluttering a closet are simple ways to ease into redecorating an entire space. Once that's done, swap out old décor for new and exciting pieces to instantly uplift and transform any area.

Add some freshness

Incorporating plants or fresh flowers throughout your space will automatically liven and brighten it up.

Utilize pops of color

Colors truly impact the feel of a room. Lighter and brighter colors make a space feel airy and cheerful. Spaces become energized with the use of warm tones in red, orange and yellow. Cooler tones found in purples and blues bring a sense of calm. Understanding the impact colors have on the feel of a room, gives you the skill to select accent pieces that will create the mood you want to achieve.

This April, celebrate National Decorating Month and treat yourself to the simple joys of revamping an all too familiar space. You'll be surprised by how the smallest changes can result in such a positive shift in the overall look and feel of your space.

Get to Know the Joey

Smart. Refined. Collaborative. Nightingale's Joey helps make your best workdays happen. It provides you with the flexibility to work in ways that best support your needs and gives you space to think creatively.

This series will transform collaborative, lounge and higher educational environments with its versatile and tailored design. The Joey Lounge System allows for endless configurations, ranging from group lounge spaces to energizing team pods.

This lounge system consisting of modular and straight benches, facilitates team building and social interaction. The Joey Lounge system can also be ganged together to create a connected and cohesive lounge unit.

The upholstery features high-density, high-resiliency foam over a hardwood plywood frame. The steel base is finished with a high-impact silver epoxy coat that is electrostatically applied for corrosion resistance.

Joey 1310
Fuse | Carmine

Joey 1310
Felt Melange | Flora

Joey 1311
Princess | Snow

Joey Lounge System component materials are easily separated for placement adjustments.

Types of Chair Casters

2" Casters

2 Inch vs 3 Inch

All Nightingale office chairs come standard with either 2" wheel diameter casters or 3" wheel diameter casters. Most chairs have the 2" carpet caster in order to be able to sit lower to the floor for smaller people. The larger casters are used to ensure the gas cylinder is high enough off the floor or make the chair easier to roll over carpet surfaces. A larger wheel caster can also allow a chair to take a higher weight limit.

3" Casters

Hard Surface vs Carpet

Hard surface casters should be used when the floor surface is not carpet. If carpet casters are used on hard floors over time the plastic will break apart. We always recommend hard surface casters for laminate, hardwood, tile, ceramic, or concrete floors. Our casters are made with a polyurethane ring that fits on the wheels. This material is non-marking and will protect the floor surface. Hard surface casters that have rubber wheels will mark the floor and are not as durable.

Glides

Glides

We offer glides on some of our chairs as an option for customers who do not want the chair to be mobile such as on ships or in healthcare environments. The glide option is only available where 2" casters are used.

ABOUT US

Founded in 1928, Nightingale is a contract seating manufacturer that puts purpose before profit. By collaborating with top designers, engineers and research teams, we create quality ergonomic products that are good for your body and the planet. Nightingale is one of the country's Greenest Employers and is committed to building products with minimal carbon footprints that are recyclable, sustainable and durable. All our products are made in our waste-free facility powered by clean energy. As one of the country's Best Managed companies, Nightingale's commitment to comfort, quality and innovation drives our vision to be a global industry leader.
