

THIS IS
OUR
STORY.

since 1928

since 1928...

We are a contract seating manufacturer that puts purpose before profit. By collaborating with top designers, engineers, and research teams, we create quality ergonomic products that are good for your body and the planet. Our designs prove you don't have to choose between aesthetics and comfort.

The best results come when employees are empowered, inspired, and have a good work-life balance. Whether it's flexible hours, maternity/paternity leave, vacation, sick, mental health, or just 'me' days, we offer a variety of work options to ensure our people are taken care of.

Because we believe life is about making an impact, not a fortune, our designs aim to stir a response in the user—whether it be inspiration or simply “this chair is comfy!” Our factory is powered by wind and solar energy, and everything we touch gets reused or repurposed in adhering to our 'landfill sucks' policy of zero-waste. We support the Urban Beehive Project in hopes that these incredibly important insects can keep buzzing around, pollinating 90% of food crops worldwide.

Our fabulous team of employees are committed to making a difference: we care about people, the planet, and quality. By working together to brainstorm, create, and improve, we produce durable, design-forward chairs.
